

CPIM – Certified in Production and Inventory Management Course – Part I

Certification provided by

Why Bakkah?

Bakkah is a leading company that owns two subsidiaries: Consulting Company and Learning Company. With a team of highly experienced and certified professionals, we will help you capitalize on opportunities driven by proven business practices.

We help you obtain professional certificates that will take your career to the next level. Our Learning products focus on building and boosting capabilities by offering the best and latest internationally accredited training courses in various fields, including: Project Management, Human Resource, Business Analysis, Information Technology, Quality Management, Supply Chain Management and Logistics.

We are keen to use and keep up with the latest global learning methods and processes. Since our training courses are flexible and aligned with the global changes, this will ensure an ongoing learning process and build high-quality capabilities.

Bakkah in Numbers

Course Objective

- Earning the Certified in Production and Inventory Management (CPIM) designation demonstrates your mastery of an organization's internal operations and an in-depth understanding of materials management, master scheduling, forecasting, production planning and how it applies across the extended supply chain. An APICS certification shows a commitment to lifelong learning, demonstrates value to an employer, enhances earning potential, and provides a path to career advancement.

Course Methodology

Online Training

4 Days – Online Training

Exam Simulation

Group Activity (Break-out Session) after each lesson

Access to additional References – Glossary/ Recommended Reading/ Syllabus

Material language will be in English
