About the Course

- PMP Certification was created by the Project Management Institute (PMI) to recognize project managers who have demonstrated expertise in the management of projects. The Project Management Professional (PMP®) certification is awarded to an elite group of project managers. The certificate demonstrates project leadership experience and expertise in any working environment.

Who Needs PMP® Course?

01

Project managers who have proven skills and experience

02

Individuals who have on-the-job project management experience

03

Those who want to build up their knowledge of Project Management

04

Anyone who wants to master project management skills

05

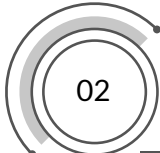

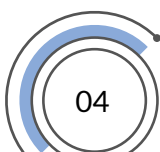

Project Managers who aim to learn Project Management from a PMI's perspective

Course Objectives:

A major objective of this Project Management Professional (PMP®) certification course is to provide project management professionals with the following:

-  01 A complete understanding of the PMP certification exam, as well as the knowledge, information, confidence, and experience necessary to pass it successfully.
-  02 Having the necessary skills to perform at the same level of quality and productivity as PMP.
-  03 A demonstrated ability to manage and complete complex projects within established budgets and timelines.
-  04 The ability to train other project management professionals enhances their skills and capabilities, thereby exhibiting their potential and ability.
-  05 Being qualified enough to pass the exam successfully.
-  06 Learning the complete PMBOK® Guide (7th Edition) terminologies, tools, techniques, and the practice exam.

□ Exam Details

PMP Exam Requirements And Prerequisites

PMP exam is now available online as a proctored exam via PearsonVUE. Hence, you can take the exam wherever you are at home, in the office, or anywhere else.

- A high school diploma or an associate degree (or global equivalent)
- Proved 60 months (about 5 years) of leading projects
- Having 35 hours of project management education/training or CAPM Certification

OR

- Four-year degree.
- A duration of 36 months (about 3 years) of leading projects
- At least 35 hours of project management education/training or **CAPM Certification**

PMP Certification Exam Format

After finalizing the course, you will be ready to start your exam, and here is the PMP exam format:

- Total PMP Exam Questions: 180 questions
- Duration of the PMP exam at least 230 minutes; about 4 hours
- Exam questions will include; multiple-choice, multiple responses, matching, hotspot, and limited fill-in-the-blank

How to Pass the Project Management Professional Exam?

With 24/7 testing options to accommodate your schedule, make sure you follow the below points:

- Schedule your PMP online or center-based exam the soonest as appointments are limited and filled fast.
- Get ready with a computer and a webcam
- Get a stable internet connection
- Sit in a quiet place where you can spend a few uninterrupted hours
