Consultants

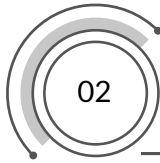

# Course Objectives:

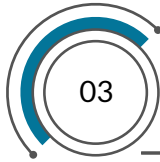

By the end of this course, you'll be able to:

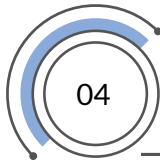

01 Apply the PRINCE2 methodology: Understand and apply the PRINCE2 framework and methodology to effectively manage projects.

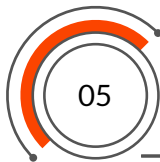

02 Define project objectives: Clearly define project objectives, deliverables, and success criteria to ensure project alignment with organizational goals.

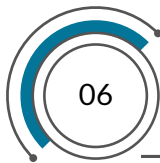

03 Plan and manage projects: Develop comprehensive project plans, manage project risks, allocate resources effectively, and monitor project progress.

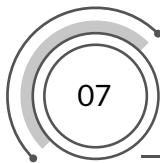

04 Implement project governance: Establish project governance structures and processes to ensure accountability, decision-making, and project control.

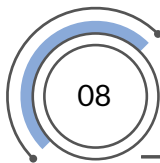

05 Manage project stakeholders: Identify and engage project stakeholders, manage stakeholder expectations, and ensure effective communication throughout the project.

06 Control project changes: Implement change control processes to manage project scope, budget, and timeline effectively.

07 Lead project teams: Apply leadership and team management techniques to foster collaboration, motivation, and high-performance project teams.

08 Prepare for the PRINCE2 certification exam: Gain the knowledge and skills necessary to confidently prepare for the PRINCE2 certification exam.
