About the Course

MSP® stands for Managing Successful Programmes certification, and it is brought to Bakkah learners in partnership with PeopleCert. As an established best practice programme management framework, MSP (Managing Successful Programmes), 5th edition is dedicated to aligning programmes, projects, and organizational strategy. With MSP, the goal is to deliver positive outcomes while mitigating risk and engaging stakeholders actively.

❯ Why Earn an MSP ® Badge?

01 It consists of a collection of principles, themes, and processes for guiding the life cycle of a program, which may include larger, more strategic, complicated, or multiple projects.

Who needs this Badge?

Aspiring **project managers, business change managers,** and **programme managers** will find this course to be the ultimate guide and certification.

And how is this helpful?

Acquiring this certification have supper impacts on both organizational and individual level:

❯ Organizational–wise:

01 It provides a guideline for managing complexity and resources in a step-by-step manner.

02 It establishes alignment between projects and programs and the organizational strategy .

03 It helps better implement strategic programs and multiple projects to achieve the desired results.

❯ Individual–wise:

01 By becoming certified, you validate your knowledge and expertise in programme management.

**02** The certification is internationally recognized and accepted .
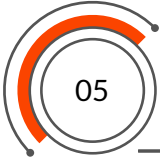

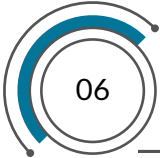

03 This programme offers a comprehensive set of training for project, programme, and change managers at senior levels.

Course Objectives:

By the end of this course, you will obtain the below objectives:

01 — Understanding the relevant definitions related to project management.

02 — Recalling the definition of programmes in MSP methodology and enterprise agility.

03 — Examining the common reasons why programme management is crucial.

04 — Describing the program environment and the challenges MSP is about to address

05 — Understanding key characteristics of a successful programme principles

06 — Utilizing the governance themes to make the right decisions in terms of leadership and organizational structures .

07 — Providing processes of the programme lifecycle to employ the right capabilities and deliver the strategic outcomes.
